

# The 50 MHz DX Bulletin

Volume 19, Issue 7

July 2008

ISSN 1073-1024

The 50 MHz DX Bulletin was founded by Harry Schools K3HS. It is dedicated to the understanding and utilization of long distance propagation in the 6-meter Amateur band. The current editor and publisher is Victor Frank, K6FV. Subscription rates are \$24 U.S. first class mail, \$27 Canada/Mexico airmail, and \$30 by airmail elsewhere for 12 issues. Payments may be made to k6fv through PayPal. Circulation matters and DX reports should be sent to Victor R. Frank, K6FV, 12450 Skyline Blvd., Woodside, CA 94062-4554 USA. My Internet address is victor.frank@sri.com. My web site is <http://www.qsl.net/k6fv>. The bulletin may be freely quoted, provided that credit is given.

## DX Operations

Most of the listings in this column came from OZ6OM's 50 MHz DX News.

**Hongkong, VR2008O:** is a special call the Hong Kong Amateur Radio DX Association will use on 40-6m during the Olympic Games July 15-August 31.

**Crete, J49K:** Martin, G4XUM, plans 6m, 4m, and 2m activity from KM25CK and possibly KM15 from August 1-15.

**Mozambique, C91F, C91TK, et.al.:** Frosty, K5LBU, and others plan to operate two stations from KG64ie on 160-6m between July 16 and 31.

**Morocco, CN2DX:** Andre, HB9HLM, will be on 50 & 144 MHz from IM63BM between July 26 and August 8.

## June-July 2008 DX Reports

The following reports of 50 MHz DX propagation are courtesy of W5UWB, K6QXY, JA1VOK, VE7SKA, XE2HWP and postings on the Internet including OH2AQ and the VK/ZL reflectors. Apologies to any sources I may have inadvertently neglected.

Listings obtained from the OH2AQ reflector may include distances in kilometers, determined preferentially from the grids in the post, and otherwise from one or both of the prefixes of the calls. Note that the latter results in VERY rough approximations to the distances, especially for large countries and call areas.

Listings from the vk logger already have six digit grids and distances in kilometers. These have usually been shortened to fit in the available space.

The first entry is *mmddhhii*, where *mm* is the month, *dd* is the day of the month, *hh* is the hour UTC, and *ii* is the minutes after the hour. The year is understood to be 2008. Symbols just before the call of the reporting station include: V=Video Carrier, I=Inband video sidebands, F=FM audio, B=beacon, C=CW, D=Data (Snowtel?),

**Canary Island, EA8:** A multi-op group will be QRV from various lighthouses on Lobos Island from July 22-29. Before and after the IOTA contest they plan 6m operation.

**Iceland, TF:** Emil, W3EP, will be touring 9 of the 23 Iceland grids between July 26 and August 6. Look for him around 50.101 CW and +/- QRM.

**Canada, VC1T:** will be on 80-6m from July 24-30 from FN73dk, Bon Portage (Outer) Is. (NS-128) in southwest Nova Scotia--ARLHS lighthouse CAN-360.

**Bahamas, C6APR, C6AXD:** Look for 3.5-50 MHz activity from Crooked Island from July 25-28. C6AXD will be QRV on 6m before and after the RSGB IOTA contest.

**Puerto Rico, K4S:** will be a special event callsign on 80-6m from July 29-August 3.

**Alaska, KL7DX:** The IOTA HF and 6m DXpedition to NE Chuginadak Is., grid AO52, planned for July 21-27, has gotten with 300m of the island. In addition to stormy seas, they encountered volcanic ash which is covering the ship and ocean. They report eruptions of Cleveland Volcano (7 km away) every 5-10 minutes. Meanwhile they have been QRV as KL7DX/mm and are hoping to land tomorrow (July 23).

**W1AW/KL7:** will be on 1.8-50 MHz from July 26-August 10 from BP56, 300 miles south of the Arctic Ocean.

J=Digital, typically JT6M or JT65A for EME, R=RTTY or repeater, S=SSB, W=mode not mentioned (or both CW & SSB), H=heard only. BSc = backscatter, Sc = scatter, MS = meteor scatter, TR = tropo, I/O = In and Out, WSPR = Weak Signal Propagation Reporter.

JA1VOK informs us that JD1BMM is in Minami-torishima which is separated from Ogasawara Is. (where we placed him last month).

DX listings in this bulletin were cut off at July 12, 2008 to maximize our coverage during the summer months. Even then, after sifting through over 40,000 reports, some European countries and U.S. call areas were cut short. The next bulletin should be earlier, perhaps August 6, allowing us to cover more time during the fall lull in 6m DX.
